

Minimum Sponsorship Amounts for Option A

By raising the minimum sponsorship, you will be allowed to retain a portion of money to pay for the course fee. If you haven't raised the minimum amount, divide the money in half, use one half to reimburse you for part of the course (whilst paying the difference yourself), and send the other half to the charity. If you choose option B i.e. you pay for the cost of the course yourself, there is no minimum sponsorship criteria.
